pure cbd and pure cbd+

new science meets natural wellness

WHAT IS IT?

Cannabidiol, or CBD, is a natural, non-psychoactive cannabinoid, which is an extract of the hemp plant. Researchers have discovered that cannabinoids can help support the endocannabinoid system, which consists of a series of receptors through the body.

If you have ever been curious about how CBD might benefit you, only BioReigns can offer truly water-soluble CBD. Normally, CBD can only be processed by your body as a fat, which is why you've seen so many CBD oils. How does your body absorb CBD in an oil? Poorly! We all know our bodies are mostly water, and that oil and water don't mix. Pure CBD helps you work with biology instead of fighting against it!

WHAT DOES IT DO?

Though many tinctures claim to be "water CBD," look closely. Many utilize nanotechnology, breaking the CBD molecules down into microscopic spheres suspended in a tincture solution. The water molecules and CBD molecules are never combined!

RapidCT is a completely different technology! By encasing the CBD molecules inside a water-based shell, the body can absorb CBD at a cellular level, before even reaching the digestive tract. What could that mean for you? Not only could you potentially feel stronger benefits than an oil-based CBD, but you could feel them faster too!

KEY INGREDIENTS	FUNCTION
broad spectrum cbd (pure cbd)	Supports the endocannabinoid system, which has been linked to the digestive, endocrine, nervous, and cardiovascular systems, and works to help maintain general balance in the body. Contains no THC.
full spectrum cbd (pure cbd+)	Offers all the benefits of broad spectrum CBD plus the "entourage effect." This effect occurs when a tiny amount of THC works together with CBD to magnify the potential benefits to your body. By law, no bio products contain more than 0.3% THC, including pure cbd+. You won't feel any psychoactive effects, but you could feel even better than you do with Broad Spectrum CBD!
rapidCT	The exclusive BioReigns delivery technology. By using the body's natural ability to absorb water, rapidCT protects and delivers each nutrient quickly, efficiently, and directly to your cells, offering optimal nutritional benefits and creating a better way to a better you!

REGULAR STRENGTH
30Ml: $69.99
QV/CV: 35/32

EXTRA STRENGTH
30Ml: $89.99
QV/CV: 45/41

FULL LIST OF INGREDIENTS

RapidCT Proprietary Complex (CBD), Purified Water, Naturally Occurring Citric Acid

FLAVOR

Peach

RECOMMENDED USE

Place one full dropper under the tongue daily, or add one dropper to your favorite beverage. Increase or decrease amount as needed.
