

# gh almond protein

vegan protein that supports any wellness goal

## WHAT IS IT?

Whether you want to support your metabolism, build muscle, or manage your weight, you know that protein is the answer. But quality plant-based protein is hard to find - that's why BioReigns created GH Almond Protein, a flavored, vegan protein powder with our exclusive nutrient-delivery technology, rapidCT.

## WHAT DOES IT DO?

No matter your health goals, GH Almond Protein can help! Ipamorelin peptide can help those trying to bulk up or slim down, by helping promote muscle growth and supporting the body's fat burning process. Want to get more vitamins and minerals? All bio protein powders feature an exclusive super greens blend, including extracts of superfoods like kale, spinach, acai berry, and wheatgrass to fuel your body with clean, nutritious energy.

| KEY INGREDIENTS | FUNCTION |
|-----------------|----------|
|-----------------|----------|

almond protein

A low-carb, high-fiber tree nut packed with antioxidants. Studies have shown almonds are an excellent source of magnesium, a nutrient to the maintenance of healthy blood pressure, cholesterol, and blood sugar levels within already healthy ranges.

ipamorelin peptide

A short chain of amino acids that promotes the release of growth hormone in the body. Growth hormone impacts several bodily processes, including metabolizing stored energy, building muscle, and supporting liver health.

kale powder

A powerful superfood related to wild cabbage. Kale delivers both more common nutrients like Vitamin C and Vitamin B6, and less common nutrients like Vitamin K, calcium, and potassium.

rapidCT

The exclusive BioReigns delivery technology. By using the body's natural ability to absorb water, rapidCT protects and delivers each nutrient quickly, efficiently, and directly to your cells, offering optimal nutritional benefits and creating a better way to a better you!
