

cbd daily and cbd daily+ a more balanced life

WHAT IS IT?

cbd Daily and cbd Daily+ are the flagship BioReigns tinctures: clean, simple formulas designed to promote daily well-being. An all-natural, 100% oil-free, water-based tincture powered by our proprietary RapidCT complex.

WHAT DOES IT DO?

Our exclusive formula brings together the power of CBD and curcumin, delivering all the benefits of both with our RapidCT delivery technology.

KEY INGREDIENTS	FUNCTION
broad spectrum cbd (cbd daily)	Supports the endocannabinoid system, which has been linked to the digestive, endocrine, nervous, and cardiovascular systems, and works to help maintain general balance in the body. Contains no THC.
full spectrum cbd (cbd daily+)	Offers all the benefits of broad spectrum CBD plus the "entourage effect." This effect occurs when a tiny amount of THC works together with CBD to magnify the potential benefits to your body. By law, no bio products contain more than 0.3% THC, including cbd daily+. You won't feel any psychoactive effects, but you could feel even better than you do with broad spectrum CBD!
curcumin	An extract of turmeric that can help the body manage pain, stress, and inflammation.
rapidCT	The exclusive BioReigns delivery technology. By using the body's natural ability to absorb water, rapidCT protects and delivers each nutrient quickly, efficiently, and directly to your cells, offering optimal nutritional benefits and creating a better way to a better you!
