hydrate

better nutrition | better energy

WHAT IS IT?

A synergistic blend of essential electrolytes and trace minerals for improved hydration, energy, and vitality in one convenient and tasty blend.

WHAT DOES IT DO?

Hydrate provides you with better nutrition and better energy than water alone. It's everything your body needs -- but without added sugar. Potassium salt replenishes your body's water stores, and antioxidants CoQ10 and resveratrol help fight oxidative stress throughout the body. Our unique rapidCell technology (rapidCT) ensures optimal absorption.

KEY INGREDIENTS

FUNCTION

coQ10

A natural coenzyme synthesized in the body. Some research shows that Coenzyme Q10 can assist the body in handling fatigue and support the body's fight with cellular oxidative stress.

resveratrol

A phenol found in blueberries and grapes. Resveratrol may be able to help maintain healthy blood pressure levels and support the body's protection of brain cells from age-related decline.

great salt lake minerals

Replenish your body the natural way, with nutrients from the biggest saltwater lake on the continent! This blend of over 75 different minerals includes magnesium, potassium, iron, and calcium.

vitamin C

An essential vitamin and antioxidant. A well-studied nutrient, evidence shows that Vitamin C has the ability to support white blood cell function and improve your body's absorption of iron.

rapidCT

By using the body's natural ability to absorb water, our proprietary technology protects and delivers each nutrient quickly, efficiently, and directly to your cells, offering optimal nutritional benefits and creating a better way to a better you.
